

Remarks

Entry and approval of this amendment is respectfully requested.

This amendment is filed with the payment of the issue fee for this application.

Claims 1-4 are amended to overcome only antecedent basis matters. These amendments concern only formal matters without changing the scope thereof, and do not affect significantly the vital formal requirements of any patent, namely, (A) that its disclosure be adequately clear, and (B) that any invention present be defined with sufficient clarity to form an adequate basis for an enforceable contract.

Should the Examiner have any remaining questions or concerns, he/she is encouraged to contact the undersigned attorney by telephone to resolve such questions or concerns.

Respectfully submitted,
